

## Hancock Department

### PLAN APPROVED BY TAX PAYERS FINAL CRICKET STANDINGS OUT

#### Public Believes General Manager Has Solved Garbage Problem

The plan recently proposed by General Manager Stockly for the disposal of the city's garbage seems to be meeting with the approval of the taxpayers of the city. Many Hancock residents have been wondering if something could not be done to remedy this evil and all are now firm in the belief that the plan advocated by Mr. Stockly will solve this problem.

The general manager's plan as he outlined it before the council is as follows. He will call in all the garbage cans loaned to the tax payers and will collect for them at the cost price. These together with the supply on hand will be sold to the taxpayers at cost and every family will be urged to purchase. Those that do so will have their garbage collected by the city and hauled away free of charge.

The refuse will be divided into two classes. The first will be the garbage proper which will be disposed of in some sanitary way so that there will be no danger of contamination from it. The second class will consist mainly of ashes and such matter as can be used for filling purposes and will be used for such purposes. The frequency with which refuse will be collected, Mr. Stockly believes would depend largely on climatic conditions as the garbage would have to be collected oftener in summer than in winter and more time spent in taking up ashes in winter.

Mr. Stockly presented figures to show that the city would be saving money by this plan, and at the same time have the work done more thoroughly and quickly. The method to be tried here is very similar to the plan in use in Red Jacket, Ishpeming, and Marquette where it has worked with great success and there is no reason why it should not work in Hancock's case Mr. Stockly declared.

#### CONCERT AT PEWABIC.

##### Miss Mitchell to Give Readings in Quincy Hill Church.

Miss Agnes Mitchell, reader and elocutionist, will appear tomorrow evening in Pewabic M. E. church under the auspices of the Epworth League. She will be assisted by local talent. The program is as follows:

Opening song—Epworth League.  
Reading—Miss Mitchell.  
Solo—Hobart Lemons.  
Reading—Miss Mitchell.  
Quartet—Lillian Tippet, Oneta Trembath, Thomas Sampson and Arthur Jacobson.  
Reading—Miss Mitchell.  
Solo—John James.

#### TYOMIES TO MOVE.

The committee recently appointed to investigate the advisability of moving the Tyomies Publishing house to some other city has returned from Duluth and is prepared to report in favor of transferring the company to either Duluth or Superior. The committee is slightly in favor of picking Superior but the decision in the matter will rest entirely with the board of directors.

Ladies' fine velvet button shoes only \$2.98 at Red Jacket Boston Store on 1th Str., Calumet. (Advertisement) is

## STOMACH MISERY JUST VANISHES

### NO INDIGESTION, GAS OR SOURNESS AFTER TAKING "PAPE'S DIAPEPSIN."

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Pape's Diapepsin costs only fifty cents and will thoroughly cure your out-of-order stomach and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these fifty-cent cases, than you will understand why dyspeptic trouble of all kinds must go, and why they usually relieve you, out-of-order stomachs or indigestion in five minutes. Diapepsin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many Diapepsin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for indigestion or sourness or any other stomach misery.

Get some now, this minute, and forever rid yourself of stomach trouble and indigestion.

#### Secretary Reid Gives Official Figures For the Season

Secretary Reid of the Copper Country Cricket League has just completed the work of making out the standings and official records of the season's play. The records show Wolverine to be the champions with a good margin over their nearest opponents, the Mohawk team.

The Wolverine team will be officially notified of its victory one week from tomorrow when a concert will be held in the Wolverine hall. At the same time the Wolverine team will be informed it has won the Trevarrow cup for the largest number of runs made. Their winning of the championship also gives the leaders the Norman W. Haire trophy.

To retain the Haire trophy permanently, one team must win it three times in succession. So far no team has managed to get more than two wins in succession. Had the Mohawk team been victorious this year they would have been the permanent possessors.

The cup was first put up in 1906 and since that time has been won by the following teams: 1906, Painesdale; 1907, Mohawk; 1908, Kearsarge; 1909, Calumet & Hecla; 1910, Mohawk; 1911, Mohawk; 1912, Wolverine. The Trevarrow cup has been up for only three years and during that time has been won by Mohawk in 1910, Tamarack in 1911 and Wolverine in 1912.

The final standings of the teams as given out by the secretary are as follows:

Team	W.	L.	D.	Pts.	Runs.
Wolv.	12	1	0	24	1,250
Moh.	8	2	1	16	894
Quincy					
Mosnard	5	5	1	10	848
Paines	5	5	1	10	987
N. Kear.	5	5	1	10	799
Tam.	5	5	0	6	558
S. Kear.	2	10	0	4	543
C. & H.	1	6	0	2	342

Tamarack and S. Kearsarge played a game which was protested by South Kearsarge and the protest sustained. The score was Tamarack 172, South Kearsarge 30.

#### GOOD GAME TOMORROW.

##### Hancock Highs To Meet Calumet At The Driving Park.

The Calumet high school football team will come to Hancock tomorrow afternoon to meet the Hancock highs, for the second time this season. On past performances the Hancock team should have little difficulty in taking the game but it may be that the visiting team will show the long expected reversal in form and take the league leaders into camp.

The Hancock team seems to be a fairly well balanced aggregation, strong and fast in all departments. The back field composed of Barrett, McGlynn, Gillispie and Brock seems to be as good as the average high school back field in in Barrett and McGlynn the team boasts a pair of halves that are extremely fast and shifty. Brock at full does not seem to be much of a line plunger and when pitted against the heavy Houghton forwards, showed up poorly. Gillispie has the team under good control, making it work all of the time and while not noted for his speed, managed to get away for some good runs when playing against Houghton. Stanley Claffin, the head coach of the Hancock team has gone to New York with the Naval Reserve and so the team has been in the hands of other coaches this past two weeks. Just how much this will affect the playing remains to be seen.

Although Hancock is leading the league by a good margin, Houghton is far from being out of the race for first honors yet. Hancock only won from Houghton by one point in a game played on Hancock's own field when the Houghton team was weakened by the absence of Phil Penberthy. With Phil back in the game and Houghton meeting Hancock again on Vivian Field, the Houghton high school expects a different result.

The Hancock and Calumet second teams will meet next Saturday morning before the big teams play and a good game can be expected here. Calumet and Hancock tied at their last meeting and both teams are said to have improved since then.

#### DR. WEST IS COMING.

##### Progressive Will Visit Houghton, Keeweenaw and Ontonagon.

John J. Ehekern, Progressive county chairman, has been informed that Dr. William R. West of Knoxville, Tenn., a Progressive orator of high standing in the south, will visit Houghton county next week, arriving here Monday. The first day of his stay here will be spent in the Torch Lake district.

On Tuesday he will go to Ontonagon county and present plans are for him to remain in that part of the upper peninsula until Wednesday night, although this part of the plan may later be changed. Thursday, Dr. West will spend in company with the Whitney Watkins-Hill party, which will be in Houghton county on that date, and on Friday he will visit either Mohawk or South Hange. If the speaker does not go to Mohawk on Friday he will make the trip some other time, as the county committee is anxious for him to visit Keeweenaw county. Gay has asked to have the speaker visit there and it may be possible to accommodate them. Saturday will be spent in the southern end of Houghton county.

#### SEAT SALE OPENS.

The seat sale for the matinee and evening performances of Sousa's band here next Monday opened this morning with a rush. Manager Ray Kersledge declared that one order for seats he received from out of town for the matinee performance was the biggest order he has received since the theater was opened. The band will come here in a five-car special direct from Duluth, getting in here Monday morning.

#### CLEAR UP OLD DEBT.

The city clerk this morning turned over to Anderson & Co., the sum of \$965.82 in payment for sidewalks and retaining walls which the company put in for the city in 1910 and 1911. The council allowed this bill some time ago but has not been paid, owing to lack of funds.

#### HANCOCK BREVITIES.

Mrs. Frank Barton has returned to her home in Danville, Ill., after a visit with her sister, Mrs. J. H. Hickok. William Bath, county commissioner of schools, paid a visit to the Hancock schools yesterday.

Mrs. Joseph Wafelham, wife of the keeper of the county detention hospital, suffered a broken arm as the result of a fall Wednesday afternoon. Her condition is favorable.

"Dick" Callahan sent home the first deer to be bagged by a Hancock man yesterday. It being a fine specimen, weighing about 250 pounds.

George Jacobson of Sacramento has arrived in Hancock for a visit with relatives.

Mrs. George E. Childs of Austin is spending a few weeks visiting relatives here.

Mr. and Mrs. John Ralph have returned from a two weeks' trip to Chicago.

A daughter has been born to Mr. and Mrs. Victor Gedda of 526 Pine street.

Ravena, O., is forming a road improvement association.

Republican campaign in Maine this year cost \$27,053.29.

## TORCH LAKE

### WHERE IS THE PENNANT.

#### Leaders and League Officials Wonder What Became of It.

Two weeks or more ago there was ordered from a Milwaukee firm a new pennant for the Torch Lake team, winners of the Northern Junior League championship. The banner was ordered through Henry Nathanson, the local clothier. Mr. Nathanson received a letter over ten days ago saying the pennant should have been here last week, but as yet it has failed to put in an appearance. The local merchant has sent a letter to the manufacturer in Milwaukee, requesting an immediate shipment.

Should it arrive either today or tomorrow in all probability it would be down from a mast at the big game scheduled to take place at Caledonia Park diamond Sunday afternoon when the Leaders are to meet the Hustlers for a purse, these teams being the strongest of the league. Fans are anxiously awaiting the arrival of the hour when they will again have the pleasure of seeing these two fast junior teams in another hard fought contest and should the weather prove favorable there will be one of the largest crowds of the season present.

#### MEMBERS ENJOY SELVES.

##### Large Number of Young Men Spend Few Hours in Gymnasium.

The Torch Lake Social and Athletic organization opened the rooms to the members this week and a large number of the young men have availed themselves of the opportunity to engage in gymnastic work. Several of the members were members of the Y. M. C. A., therefore well qualified to assist the new members in the work. The rooms contain a large number of exercises and in the near future additional paraphernalia is expected.

The association has a large membership, but with the advent of cold weather the roll no doubt will be materially increased. Tomorrow is payday and a large number of the young men, members of the association are withholding their membership until that time.

#### PARTIES AT HUBBELL.

A dance under the auspices of the Girls' club will be held in Opal's hall this evening, and a large attendance is expected. A lengthy program of dance numbers has been arranged by Manager William Hart. Dancing will start about 8 o'clock and continue until midnight.

Tomorrow evening a card party will be given in the convent hall by the young women of the League of Sacred Heart. Provision has been made for the entertainment of a large crowd of young people. Parties of the kind held under the auspices of the league in the past have always been largely attended and a large crowd is expected tomorrow evening.

#### TORCH LAKE BREVITIES.

The women of St. Joseph's congregation will hold a fair and bazaar in the city two evenings, commencing tonight. The Lake Linden band will turn out this evening to play for the large crowd expected. The women have a large list of good things for sale. There also will be booths where sweets etc., will be sold. The fair will close tomorrow evening.

The Boy Scouts of the Torch Lake troop will enjoy another "bike" tomorrow. Instead of entering in to the thick of the woods for their work it has been decided to spend the time in games and examinations, out in the open, this being done on account of the numerous hunters who frequent the woods during the hunting season. Both Tenderfoot and second class Scout examinations and tests will be held.

Wallace Middlemire has purchased the Setter property on Calumet street, near the Times office, and moved into the building yesterday afternoon.

R. F. Gillette, local jeweler, has now become comfortably settled in his new quarters in the Hermann building, opposite the post office.

Thirteen Yiddish papers in New York.

St. Louis automobile show has \$1,000,000 worth of vehicles on exhibition.

**SPECIAL HERE SATURDAY AND MONDAY**

### 3,000 Yards of Outing Flannel at 7c yd.

Nearly 250 Women's New Tailored Suits between \$15 and \$35

Buying a suit is not merely a matter of choosing a suit that pleases the eye. It's an investment in which figure a score of little details. Known or unknown to the purchaser, most women recognize good style at a glance. Their fingers may be trained to judge the grade of cloth, and the slightest departure from correct fit may not pass unobserved, but few women go beyond this. It takes merchandise training to get beneath the surface to know whether lining has as much wear as tusture in it, to tell at a glance whether the suit will retain its shape to the last day's wear or whether it will "sag," "dip" or slip on the lining.

**THESE ARE THE POINTS ON WHICH WE PRIDE OURSELVES—THESE ARE THE QUALITIES ON WHICH WE HAVE BUILT THE LARGEST SUIT BUSINESS IN CALUMET.**
